MR. DULLES:

25 YEAR RE-REVIEW

Mr. Dobbins of Pan American called from New York, to say he had spoken with you last week about the 707-321 Maintenance Program and told you that he would call later in the week regarding setting up a time for a meeting with Mr. Turnball, Mr. Ortman of Pacific Alaska Division, Pan American, and the FAA.

Mr. Dobbins would prefer the meeting to be next Thursday or it would be all right on Wednesday or Friday.

What are your wishes re this?

MEMORANDUM FOR: Mr. Dulles

I called Mr. Dobbins back again after our discussion last night to ask him if, in fact, it was Allen Dulles he was requesting to make appointments for him with the Federal Aviation Agency. It developed that his secretary had made a mistake at the time Mr. Dobbins called your office last Friday. He was actually attempting to get ahold of Allan Dallas of the Air Transport Association. Mr. Dobbins was very apologetic and we ironed the matter out satisfactorily.
